Projects

Personal Website

Responsive website that utilizes Bootstrap and Flexbox. Uses CSS to animate an SVG file created in Illustrator.

Ocarina Music

Uses data-key attributes and DOM event listeners to play .wav files using the arrow keys and "A" key on keyboards. Elements positioned using Flexbox.

Fort Knight Website

Jumbotron image with digital art made in Photoshop turned into a gif. Website uses Bootstrap and Flexbox while remaining responsive.

Memory Game

Uses CSS to manipulate card animations and JavaScript to match pairs. Cards drawn in Photoshop using digital tablet.

Experience

JAN 2018-CURRENT

Self-Employed Designer

Design and sell apparel and digital art on Etsy and Amazon. Utilize SEO and social media to promote designs.

MARCH 2018

Programming Volunteer

Programmed acoustic monitoring devices to survey bat calls in several Western Washington counties. This was in an effort to mitigate White Nose Syndrome in bats.
